

Green de Corp. Limited - Case-Study (11)

PROJECT INFORMATION

CLIENT: Bærum Municipality

LOCATION: Kalvøybroa Bridge, Bærum, Norway.

COMPLETION YEAR: 2019

SYSTEM / PRODUCT INSTALLED: “GVA Lighting” HL-DL MONO and FL25-RGBW-IM

PROJECT BRIEF: The suspension bridge connects the island of Kalvøya to Kadettangen peninsula just outside of Sandvika, Bærum in Norway, in the inner Oslofjord. It has been supporting foot traffic to the island since 1963 to enjoy its popular beaches, walking trails, and many music festivals.

Its 100m expanse, is now decorated by more than 250 meters long of 4000K Monochromatic HL-DL luminaires with direct-view round diffusers, and FL25-RGBW-IM spot lights to bathe the concrete pillars in festive colour-changing light.
